DETAILED ACTION

This Office action has been issued in response to the March 15, 2010 Amendment/Request For Reconsideration-After Non-Final Rejection. As a result of Amendment (see below), claims 1-2, and 4-14 are pending for examination, of which claims 1, and 13 are in independent form.

Response to Amendment

1. Applicant's Amendment to claims and remarks have been received and entered, in which claims 1, and 13 are amended, and claims 3, and 15-22 are canceled. As a result, claims 1-2, and 4-14 are pending for examination.

Response to Arguments

2. Applicant's arguments filed March 15, 2010 have been fully considered and they are persuasive. The rejection of all pending claims has been withdrawn.

Allowable Subject Matter

3. Claims 1-2, 4-14 **are allowed**.

4. The following is an examiner's statement of reasons for allowance: Applicant has overcome the 35 U.S.C. 102 rejections by their amended claims and remarks. Applicant's amended claims and remarks clearly differentiate their invention claims from prior art in showing that the goal of the invention "Method and System Communications Monitoring" is to only and specifically provide access to monitored, recorded, encrypted, and stored communications after meeting criteria specified by the encrypted search conditions. Searches were performed and yielded no prior art. As such, the rejection of all pending claims has been withdrawn. Examiner has considered any and all

Art Unit: 2434

“computer readable” and “computer storage” claims and has found any and all to be non-transitory.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

5. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a). A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
